## Big Battles

The big battleship is better managed than the little rowboat that upsets on the pond.

The big corporation is better able to serve the public than the little company

Your Company handles the telephone needs of three million people right here in the seven mountain states

It handles over a million telephone messages every day of the year

The present war in Europe is a war of waste and destruction

Bigger battles for peace are being fought here in the United States

Battles for good-will, prosperity and fair dealing
